

OPTION 2 - TRANSFER CSU GENERAL EDUCATION

Designed for students who are planning to transfer to a university in the CSU system. However, it may be appropriate for transfer to some independent colleges. In addition to the General Education requirements below, students must complete additional requirements for the Associate Degree listed in the catalog. Transfer students are strongly advised to contact a Coastline counselor for guidance in preparing an educational plan. In addition, for the most current articulation information, visit www.assist.org (<http://www.assist.org>).

Complete at least 39 units in the specific courses listed in Groups A-E. One course may not be used to satisfy more than one general education requirement; however, the same course may be used to satisfy both a general education requirement and a requirement for the major or Area of Emphasis. Students may also double-count courses for the Coastline Global and Multicultural Studies (<https://catalog.cccd.edu/coastline/graduation-requirements/#globalandmulticulturalstudiesext>) Requirement.

Certification of General Education for Transfer to CSU

Upon a student's request, Coastline will verify the completion of lower-division general education requirements for transfer to the California State University. Courses can only be certified if they were on the CSU approved list at the time they were taken by the student. Upon transferring, the student will need to complete any upper-division general education requirements required by the university. Students who transfer without certification will have to meet both lower- and upper-division general education requirements of the specific CSU campus to which they are transferring. Meeting these requirements usually necessitates taking additional courses. Students may also request subject-area (partial) certification. To qualify a student must satisfactorily complete the courses required in one or more sub-areas. Coastline will provide a full-certification only once. Certification is not automatic and must be requested after the completion of the last term prior to transfer. This request should be made in the Admissions Office when final transcripts are requested to be sent to the transfer university.

Certificate of Achievement in CSU General Education

Upon completion of this General Education pattern, students receiving CSU GE certification will also automatically receive a Certificate of Achievement in CSU General Education.

Note: Courses appearing in more than one GE area (such as PSYC C116 Child Growth and Development that appears in both Areas D and E) **may only be used in one of those areas. They cannot double-count for two GE areas.**

Area A – English Language, Communication and Critical Thinking

Must complete 9 units with a minimum of one each course in Groups A1, A2, and A3 (grade of C or better).

Group A1 - Oral Communication
