Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of the Associated Students, Inc. of California State University, East Bay, a component unit of California State University, East Bay, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the entity's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the Associated Students, Inc. of California State University, East Bay as of June 30, 2021, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of changes in the net OPEB liability and related ratios, schedule of proportionate share of the net pension liability, and the schedule of contributions as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Emphasis of Matter Regarding a Change in Accounting Principle

During fiscal year ended June 30, 2021, the Associated Students, Inc. of California State University, East Bay adopted the provisions of Governmental Accounting Standards Board Statement (GASB) No. 84, Fiduciary Activities. Our auditors' opinion was not modified with respect to this matter.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Associated Students, Inc. of California State University, East Bay's basic financial statements. The schedule of net position, the schedule of revenues, expenses, and changes in net position, and other information as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedule of net position, the schedule of revenues, expenses, and changes in net position, and other information as listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules of the Associated Students, Inc. of California State University, East Bay, referred to above, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated September 16, 2021, on our consideration of the Associated Students, Inc. of California State University, East Bay's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Associated Students, Inc. of California State University, East Bay's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Associated Students, Inc. of California State University, East Bay's internal control over financial reporting and compliance.

**ASSOCIATED STUDENTS, INC. OF CALIFORNIA STATE UNIVERSITY, EAST BAY
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2021
(UNAUDITED)**

This section of Associated Students, Inc. of California State University, East Bay (Associated Students) annual financial report includes some of management's insights and analyses of Associated Students' financial performance for the year ended June 30, 2021. This discussion has been prepared by management and should be read in conjunction with the financial statements and accompanying notes, which follows this section.

Financial Highlights

- Operating revenues decreased by \$10,000, or 1%, mainly due to overall decrease in student headcount.
- Operating expenses decreased by \$121,000, or 6%, primarily due to a decrease in auxiliary enterprise expenses incurred during the year partially offset by additional student scholarships/grants awarded in the current year as compared to the previous year. The decrease in auxiliary expenses was mostly due to the overall decrease in other post-employment benefits (OPEB) and pension expenses.
- Nonoperating revenues increased by \$498,000, or by 551%, due to investment gains from an improved financial performance in the current year as compared to the previous year.

Overview of the Financial Statements

The annual report consists of a series of financial statements, prepared in accordance with the GASB, Governmental Accounting Standards Board, Statement No. 35, *Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities*. This standard is applicable to Associated Students because it is a component unit of California State University, East Bay (University). Consistent with the University, Associated Students has adopted the business-type activity (BTA) reporting model to represent its activities.

The financial statements include the statement of net position; the statement of revenues, expenses, and changes in net position; and the statement of cash flows. All sections should be considered together to obtain a complete understanding of the financial picture of the Associated Students. The discussion has been prepared by management and should be read in conjunction with the basic financial statements and accompanying notes.

Statement of Net Position: The statement of net position includes all assets, deferred outflows of resources, liabilities, and deferred inflows of resources of Associated Students. It is prepared under the accrual basis of accounting, whereby revenues and receivables are recognized when the service is provided and expenses and liabilities are recognized when incurred, regardless of when cash is exchanged. It also identifies major categories of restrictions on the net position of the Associated Students.

Statement of Revenues, Expenses, and Changes in Net Position: The statement of revenues, expenses, and changes in net position presents the revenues earned and expenses incurred during the year on an accrual basis.

Statement of Cash Flows: The statement of cash flows presents the inflows and outflows of cash, summarized by operating, noncapital financing, capital and related financing, and investing activities.

**ASSOCIATED STUDENTS, INC. OF CALIFORNIA STATE UNIVERSITY, EAST BAY
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2021
(UNAUDITED)**

The statement is prepared using the direct method of cash flows, and therefore, presents gross rather than net amounts for the year's operating activities.

Notes to financial statements: The notes to financial statements provide additional information that is essential to a full understanding of the data provided in the Associated Students' basic financial statements. The notes are included immediately following the basic financial statements within this report.

A summary of key financial statement information is presented below:

Statement of Net Position

	<u>2021</u>	<u>2020</u>

Total net position	<u>\$ 2,369,096</u>	<u>\$ 1,930,311</u>

Assets

Current assets increased \$405,000, or 8%, primarily due to an increase in investment earnings and decrease in spending for student events, hospitality and travel as a result of the shelter-in-place order.

Noncurrent assets decreased \$18,000, or 6%, mainly due to annual depreciation recorded in the current year for capitalized assets partially offset by the acquisition of additional capital assets during the year.

**ASSOCIATED STUDENTS, INC. OF CALIFORNIA STATE UNIVERSITY, EAST BAY
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2021
(UNAUDITED)**

Deferred Outflows of Resources

The deferred outflows of resources increased by \$194,000, or 49%, mainly due to an increase in other post-employment benefit as a result of changes in assumptions.

Liabilities

Total current liabilities decreased \$101,000, or 46%, primarily due to reduction of unearned revenues, partially offset by an increase in accrued compensated absences at the end of the year compared to the previous year.

The noncurrent liabilities increased by \$369,000, or 12%, due to the increase in other post-employment benefits and pension liability in the current year compared to the prior year.

Deferred Inflows of Resources

The deferred inflows of resources decreased by \$125,000, or 49%, due to the difference between projected and actual earnings on pension plan investments and proportionate share of contributions for pension liability coupled with differences between expected and actual experience and changes in assumptions for other post employment benefits.

Net Position

Total net position increased by \$439,000, or 23%, mostly due to the increase in investment gains attributable to the improved financial performance in the current year as compared to the previous year.

Statement of Revenues, Expenses, and Changes in Net Position

	<u>2021</u>	<u>2020</u>
Revenues		
Operating revenues	\$ 1,825,572	\$ 1,835,345

MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2021
(UNAUDITED)**

Operating Expenses

Operating expenses decreased by \$121,000, or 6%, primarily due to a decrease in auxiliary enterprise expenses from the overall change in other post-employment benefits coupled with a decrease in the hired student assistants and travel expenses due to the COVID-19 shelter-in-place and public health orders imposed during the year. This decrease is partially offset by additional student scholarships/grants awarded during the year.

Nonoperating Revenues

Nonoperating revenues increased by \$498,000, or 551%, due to higher gains on the value of invested funds as compared to the previous year.

Changes in Capital Assets

Capital Assets, net of accumulated depreciation, totaled \$262,000. The following table summarizes the changes in capital assets for the fiscal years ended June 30:

	<u>2021</u>	<u>2020</u>
Furniture and Fixtures	\$ 109,858	\$ 109,858
Equipment	274,051	251,012
Total	383,909	360,870
Less: Accumulated Depreciation	(121,726)	(81,171)
Capital Assets, Net	<u>\$ 262,183</u>	<u>\$ 279,699</u>

Equipment increased due to purchases made during the year ended June 30, 2021 partially offset by the yearly depreciation. Additional information on capital assets can be found in Note 5 to the financial statements included in this report.

ASSOCIATED STUDENTS, INC. OF CALIFORNIA STATE UNIVERSITY, EAST BAY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Nature of Activities

Associated Students, Inc. of California State University, East Bay (Associated Students) is a nonprofit, tax exempt, California State University auxiliary organization located on the campus of California State University, East Bay (University). The University is one of 23 campuses in the California State University System (System). Associated Students was established to advance and promote the common interest of its students, as follows:

Associated Students is the student government component of the campus and provides a means for responsible and effective participation in the governance of the campus; provides an official voice through which student opinion may be expressed; fosters awareness of this opinion in the campus, local, state, national and international communities; assists in the protection of the rights and interests of the individual student and the student body; and stimulates the educational, social, physical and cultural well-being of the University community.

Associated Students makes funds and resources available for events that broaden educational, social, political, and cultural awareness on campus while enhancing the experiences of students at the University. Associated Students arranges for public speakers, music, bands, and other cultural and recreational events for the students' enjoyment. Associated Students also provides miscellaneous services to students such as fax transmittals, copy services, sales of movie tickets, program tickets, and scantrons.

The basic financial statements include the accounts of Associated Students. Associated Students is a government organization under accounting principles generally accepted in the United States of America (U.S. GAAP) and is also a component unit of the University, a public university under the California State University system. Associated Students has chosen to use the reporting model for special-purpose governments engaged only in business-type activities.

B. Basis of Presentation

The basic financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting in accordance with U.S. GAAP as prescribed by the Governmental Accounting Standards Board (GASB). Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Voluntary nonexchange transactions are recognized as revenue as soon as all eligibility requirements have been met.

C. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

D. Investments

Investments are reflected at fair value using quoted market prices. Gains and losses are included in the statement of revenues, expenses, and changes in net position as investment income.

E. Accounts Receivable

The accounts receivable arises from the normal course of operations. It is the policy of the management to review the outstanding accounts receivable at year-end, as well as the bad debt write-offs experienced in the past, and establish an allowance for doubtful accounts for uncollectible amounts.

F. Capital Assets

Acquisitions of capital assets of \$5,000 or more are capitalized. Capital assets are stated at cost or, if donated, at the acquisition value at the date of donation. Expenditures for maintenance and repairs are charged against operations. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets of 5 to 20 years. Depreciation expense is shown separately in the statement of revenues, expenses, and changes in net position, rather than being allocated among other categories of operating expenses.

G. Compensated Absences

Compensated absences are recognized when the right to receive the compensation is earned by employees. Vacation is accrued on a monthly basis. The Associated Students uses the employee's current pay rate, as of July 1, 2021, to calculate the liability for accrued compensated absences. The Associated Students employees' pay rates are based on the length of service and job classification.

H. Pension

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by the California Public Employees' Retirement Systems (CalPERS) Financial Office of the plan. For this purpose, benefit payments (including refund of the employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value. CalPERS audited financial statements are publicly available reports that can be obtained at CalPERS' website under Forms and Publications.

Measurement Date (MD)	June 30, 2020
Measurement Period (MP)	July 1, 2019 to June 30, 2020

I. Other Postemployment Benefits Other than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Associated Students' plan (OPEB Plan) and additions to / deductions from the OPEB Plan's fiduciary net position have been determined on the same basis. For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms. Investments are report at fair value.

GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefit Other than Pensions*, requires that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used:

Valuation Date	June 30, 2019
Measurement Date	June 30, 2020
Measurement Period	July 1, 2019 to June 30, 2020

J. Net Position

Associated Students' net position is classified into the following categories:

- *Net Investment in Capital Assets* – Capital assets, net of accumulated depreciation, and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets.
- *Unrestricted* – All other categories of net position, including those amounts designated by the Board of Directors or management.

K. Classification of Revenues and Expenses

Associated Students considers operating revenues and expenses in the statements of revenues, expenses, and changes in net position to be those revenues and expenses that result from exchange transactions or from other activities that are connected directly with Associated Students' primary functions. Exchange transactions include charges for services rendered and the acquisition of goods and services. Certain other transactions are reported as nonoperating revenues and expenses in accordance with GASB Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*. These nonoperating activities include Associated Students' net investment income.

L. Program Fees

The student body fee is a mandatory fee required to enroll or attend the University. Effective fiscal year 2020-2021, the Associated Students body fee is reported by the University as part of Student Tuition and Fees. As such, any student body fees earned by the University during the year, net of waivers and allowance for doubtful accounts are transferred over to the Associated Students to fund student programming and provide essential activities closely related but not normally included as part of the regular instructional program. The Associated Students records the amount received as Other Operating Revenues and categorizes them as Program Fees in the Statement of Revenue, Expenses, and Changes in Net Position.

M. Income Taxes

Associated Students is a qualified nonprofit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and Section 23701d of the California Revenue and Taxation Code. In addition, Associated Students qualifies for the charitable contribution deduction under Section 170(b)(1)(A)(vi) and has been classified as an organization that is not a private foundation under Section 509(a)(1). However, Associated Students remains subject to taxes on any net income which is derived from a trade or business, regularly carried on, and unrelated to its exempt purpose.

Associated Students recognizes accrued interest and penalties associated with uncertain tax positions as part of the income tax provision, when applicable. There are no amounts accrued in the financial statements related to uncertain tax positions. Associated Students files informational and income tax returns in various state and local jurisdictions in the United States. The Associated Students' Federal income tax and informational returns are subject to examination by the Internal Revenue Service generally for 3 years after the returns were filed. State and local jurisdictions have statutes of limitation that generally range from 3 to 5 years.

N. Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of revenues, expenses, and changes in net position. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

O. Risks Financing Activities

The Associated Students is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the Associated Students carries commercial insurance. The Associated Students has not had any significant reduction in insurance coverage, and there have been no claims in excess of coverage, in any of the past three years.

P. Risks and Uncertainties

The Coronavirus Disease 2019 (COVID-19) has recently affected global markets, supply chains, employees of companies and our communities. Management of the organization is taking appropriate actions to mitigate the impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as of June 30, 2021.

NOTE 2 CASH AND CASH EQUIVALENTS

Associated Students includes all cash accounts that are not subject to withdrawal restrictions or penalties, and considers highly liquid investments with a maturity of three months or less to be cash and cash equivalents. Each account is managed by the University and is held by the Office of the Chancellor.

NOTE 3 INVESTMENTS

Investments are made on a short-term basis (less than one year). Associated Students' investment policy is to earn a rate of return consistent with a safety objective of 100% preservation of capital. Associated Students can invest in the following: Repurchase agreements using U.S. Government or any of its agencies, U.S. Treasury and Federal agency securities with maturities of one year or less, banker's acceptances eligible for purchase by the Federal Reserve, certificates of deposit (not to exceed \$100,000 per institution), notes and bonds due in one year or less (not rated less than D-1 or A-1 by Moody's or Standard & Poor's), money market accounts, mutual funds, Local Agency Investment Fund (LAIF), and all other investments managed by the University.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 3 INVESTMENTS (CONTINUED)

Associated Students participates in the CSU Consolidated Investment Pool (the Pool), an internal investment pool, managed in a 50/50 split by U.S. Bank Corp and Wells Capital Management, asset management and investment advisory firms that serve the University and separate accounting is maintained as to the amounts allocated to the Associated Students. Securities within the Pool that are not insured are held in the name of the University. Associated Students investment in the pool was \$3,437,208, which represents approximately 0.07% of the total Pool as of June 30, 2021.

Associated Students also has investments held and managed by Morgan Stanley totaling \$1,852,201 as of June 30, 2021.

Investments consist of the following at June 30, 2021:

Equity securities	\$ 1,685,695
Mutual funds	126,833
Money market funds	39,673
Total investments	<u>\$ 1,852,201</u>

Investment income, net, consists of the following for the year ended June 30, 2021:

A. Credit Risk

Credit risk is the risk that an issuer or other counterparty to a debt instrument will not fulfill its obligations. This is measured by the assignment of ratings by nationally recognized statistical rating organizations. Associated Students' investment policy generally prohibits investments in the following vehicles: private placements, venture capital investments, real estate properties, futures contracts, options, short sales, or margin sales. Investments in cash equivalents, fixed income securities, equity securities, and mutual funds are done in a diversified manner that is risk averse with an objective to minimize risk while obtaining a reasonable return.

To preserve Associated Students' capital, none of the funds held and managed by Morgan Stanley were invested in instruments subject to credit risks as of June 30, 2021.

B. Fair Value Measurement and Application

GASB Statement No. 72, *Fair Value Measurement and Application*, sets forth the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Investments in an external government investment pool are not subject to reporting within the level hierarchy.

The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Associated Students has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The valuation technique utilized to measure the Associated Students' investments is the market approach using prices and other relevant information generated by market transactions involving identical or comparable assets.

Money Market Funds are not categorized under the fair value hierarchy and are shown at Net Asset Value (NAV). These investments are measured at amortized cost when calculating NAV per share (or its equivalent) of the investment.

The value of Associated Students' investment in the CSU investment pool is measured using NAV per share as reported by the Pool.

C. Custodial Credit Risk

Custodial credit risk for deposits is the risk that the Associated Students will not be able to recover deposits or will not be able to recover collateral securities that are in possession of an outside party. The California Government Code and Education Code do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the provision that a financial institution must secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law. The risk is mitigated in that the Associated Students' deposits are maintained at financial institutions that are fully insured or collateralized as required by state law.

D. Interest Rate Risk

Interest rate risk is the risk of loss due to the fair value of an investment falling due to rising interest rates. As a means of limiting its exposure to fair value losses from rising interest rates, short-term investments are limited to relatively liquid instruments such as certificates of deposit, savings accounts, Federally guaranteed notes and bills, money market mutual funds. Interest rate risk is mitigated by ensuring sufficient liquidity to meet cash flow needs and only then investing in longer-term securities. There is no interest rate risk for money market mutual funds as they are available on demand.

E. Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of an entity's investment in a single issuer. In order to maximize the rate of return in Associated Students' long-term investment portfolio while preserving capital and limiting concentration of credit risk, Associated Students investment policy dictates a diverse asset allocation as follows: domestic equities (30-50%), international equities (20- 40%), fixed income/intermediate (15-60%), and alternatives (0-25%).

A. General Information About the Pension Plan

Plan Description, Benefits Provided, and Employees Covered

The Public Agency Cost-Sharing Multiple-Employer Defined Benefit Pension Plan (the Plan or PERF C) is administered by the California Public Employees' Retirement System (CalPERS). A full description regarding the number of employees covered, benefit provisions, assumptions (for funding, but not accounting purposes), and membership information for the respective rate plan is listed in the respective rate plan's June 30, 2019 Annual Valuation Report (funding valuation). Details of the benefits provided can be obtained in Appendix B of the funding valuation report. This report and CalPERS' audited financial statements are publicly available reports that can be found on CalPERS' website at <https://www.calpers.ca.gov/page/forms-publications>.

Contributions

In January 2013, the California Public Employees' Pension Reform Act (PEPRA), took effect which changes the way CalPERS retirement and health benefits are applied, and places compensation limits on members. Individuals hired on, or after January 2013 are under PEPRA. All members who do not fall under this category are considered classic members. Classic members will retain existing benefit levels for future service with the same employer.

Section 20184(c) of the California Public Employees' Retirement Law (PERL) requires that the employer contribution rates for all public agency employers be determined on an annual basis by the actuary and shall be effective on July 1 following the notice of a change in the rate. The total plan contributions are determined through the CalPERS' annual actuarial valuation process. For public agency cost-sharing plans covered by either the Miscellaneous or Safety risk pools, the Plan's actuarially determined rate is based on the estimated amount necessary to pay the Plan's allocated share of the risk pools' costs of benefit earned by employees during the year, and any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

For the measurement period ended June 30, 2020 (the measurement date), the covered classic employees are required to contribute 5% of their monthly earnings in excess of \$513 per month while those under PEPRA are required to contribute 6.5% of their salary. The Associated Students was required to contribute 12.868% and 7.072% on the classic and PEPRA, respectively in fiscal year 2020. The Associated Students contribution for the year ended June 30, 2021 was \$158,705.

Actuarial Methods and Assumptions Used to Determine Total Pension Liability

The collective total pension liability for the June 30, 2020 measurement period was determined by an actuarial valuation as of June 30, 2019, with updated procedures used to roll forward the total pension liability to June 30, 2020. The collective total pension liability was based on the following assumptions:

Investment rate of return	7.15%
Inflation	2.50%
Salary increases	Varies by Entry Age and Service
Mortality rate table	Derived using CalPERS' Membership Data for all Funds Contract COLA up to 2.50% until Purchasing Power
Postretirement benefit increase	Protection Allowance Floor on Purchasing Power applies

The mortality table used was developed based on CalPERS' specific data. The table includes 15 years of mortality improvement using Society of Actuaries Scale 90% of scale MP 2016. For more details on this table, refer to the December 2017 experience study report (based on CalPERS demographic data from 1997 to 2015) that can be found on the CalPERS website.

Discount Rate

The discount rate used to measure the total pension liability for PERF C was 7.15%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 6 PENSION (CONTINUED)

Investment Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all of the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

The expected real rates of return by asset class are as follows:

<u>Asset Class</u>	<u>Assumed Asset Allocation</u>	<u>Real Return Years 1-10 ¹</u>	<u>Real Return Years 11+ ²</u>
Global equity	50.00 %	4.80 %	5.98 %
Fixed income	28.00	1.00	2.62
Inflation assets	-	0.77	1.81
Private equity	8.00	6.30	7.23
Real assets	13.00	3.75	4.93
Liquidity	1.00	-	(0.92)

¹ An expected inflation of 2.00% used for this period.

² An expected inflation of 2.92% used for this period.

Allocation of Net Pension Liability and Pension Expense to Individual Plans

A key aspect of the GASB Statement No. 68 pertaining to cost-sharing employers is the establishment of an approach to allocate the net pension liability and pension expense to the individual employers within the risk pool. Paragraph 49 of GASB Statement No. 68 indicated that for pools where contribution rates within the pool are based on separate relationships, the proportional allocation should reflect those relationships. The allocation method utilized by CalPERS determines the employer's share by reflecting these relationships through the plans they sponsor within the risk pool. Plan liability and asset-related information are used where available, and proportionate allocation of individual plan amounts as of the valuation date are used where not available.

Amortization of Deferred Outflows and Deferred Inflows of Resources

Under GASB Statement No. 68, actuarial gains and losses related to changes in total pension liability and fiduciary net pension are recognized in pension expense systematically over time.

The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and inflows of resources related to pensions and are to be recognized in future pension expense.

The amortization period differs depending on the source of the gain or loss:

NOTE 6 PENSION (CONTINUED)

Amortization of Deferred Outflows and Deferred Inflows of Resources (Continued)

The Net Difference between Projected and Actual Investment Earning on Pension Plan Investments is amortized over a five-year period on a straight line basis. One-fifth is recognized in pension expense during the measurement period, and the remaining Net Difference between Projected and Actual Investment Earnings on Pension Plan Investments at the measurement date is to be amortized over the remaining four-year period.

Deferred outflow of resources and deferred inflows of resources relating to the Difference between Expected and Actual Experience, Changes of Assumptions, and employer-specific amounts should be amortized over the EARSL of members provided with pensions through the Plan. The EARSL for PERF C was obtained by dividing the total service years of the sum of remaining service lifetimes of all active employees by the total number of participants: active, inactive, and retired in PERF C. Inactive employees and retirees have remaining service lifetimes equal to 0. Total future service is based on the members' probability of decrementing due to an event other than receiving a cash refund.

The appropriate treatment of the employer-specific amounts such as changes in proportion, differences between actual employer contributions and employers' proportionated shares of contributions, and employer contributions to PERF C subsequent to the measurement date as defined in GASB Statement No. 68 paragraphs 54, 55, and 57 is the responsibility of the employers.

A. Plan Description

The Associated Students sponsors a single-employer postretirement healthcare plan, which covers substantially all full-time, central staff employees of the Associated Students. This plan provides lifetime medical benefits to retirees who have attained age 50 with five years of service. Spouses and dependents of eligible retirees are also eligible for life. During the year ended June 30, 2009, the plan was amended to provide lifetime medical benefits to retirees who have attained the age of 50 with ten years of service. The Governing Board of the Associated Students has the authority to establish and amend benefit provisions of the Plan.

For the measurement period ended June 30, 2020, the Associated Students' share of the monthly medical premiums was limited to \$767 (single), \$1,788 (two parties), and \$1,868 (three or more parties). Retirees are responsible for premiums in excess of the Associated Students' share. In addition, the Associated Students' share of dental premiums was limited to \$53.30 (single), \$87.80 (two parties), and \$133.60 (three or more parties). The Associated Students contributes annually based on projected pay-as-you-go financing requirements, with an additional amount to prefund benefits. However, the Associated Students did not contribute to the plan for the measurement period ended June 30, 2020.

Schedules of Required Supplementary Information - Pension

Schedule of the Plan's Proportionate Share of the Net Pension Liability and Related Ratio of the Measurement Date in Relation to PERF C

Net pension liability and fiduciary net position are allocated to the plan based on its proportion of the Miscellaneous Risk Pool. However, GASB Standard No. 68 requires that employers report certain proportions as a percentage of the total plan (PERF C, excluding the 1959 Survivors Risk Pool), which includes both the Miscellaneous and Safety Risk Pools. All cost-sharing public agency plans, are categorized as either Miscellaneous or Safety within PERF C. Therefore, to assist employers in meeting the requirements of GASB 68, proportions shown in the table below represent the plan's proportion of PERF C, excluding the 1959 Survivors Risk Pool, and not its proportion of the Miscellaneous Risk Pool.
