Notes:

1. Take HDEV 300 in your first term. This is a 1 unit orientation course that will help guide you through the major.
2. HDEV 301 and HDEV 302 should be completed before taking HDEV 401. HDEV 401 should be completed before taking HDEV 499.
3. Concentration courses may be taken in any order.
4. Students must take one course in each GE category: UD-B Science, UD-C Humanities, UD-D Social Sciences, Sustainability Overlay. These courses may be taken in any order. Please consult your [main advisor](#).
4. The above plan is based on the assumption that students have transferred to the program with 67 semester units. If you only have 60 units when entering, you need to earn the remaining 7 units as your general elective courses, any course(s) of your choice. Please consult your [main advisor](#).
5. The above plan *does not* include summer courses. Students who take summer courses will complete the major sooner.
